## AREAS TO BE VISITED

### CAPE TOWN

Cape Town, South Africa's *Mother City*, is situated in the Western Cape, an area regarded as one of the most beautiful regions in the world. The city is a rare cultural gem, resulting from the blend of Indonesian, French, Dutch, British and German settlers, the local Bushman and Koi tribes and the Bantu tribes from the north. The impressive presence of Table Mountain, flanked by the legendary Devil's Peak and historical Signal Hill, stands proudly above the city. Cape Town is a city not to be missed during a visit to South Africa.

### CAMPS BAY AND THE V & A WATERFRONT

Camps Bay has long been a favorite destination for overseas visitors to Cape Town. Just behind Table Mountain, nestled beneath Lions Head and the majestic Twelve Apostles, boasting a magnificent palm fringed sandy beach, Camps Bay is a real gem. The Victoria & Alfred Waterfront is an energetic working harbour and one of South Africa's most popular tourist attractions. Cape Town is a city of culture, built on a history that reflects in the architecture, cuisine, music and dance.

### CAPE POINT

Tourists flock from around the world to the famed Cape of Good Hope (or Cape of Storms). At this high, windy tip of the continent, you'll feel truly on the edge of the world. After marveling at the views, a short drive up the twisting, baboon-lined road reveals another famed locale: Boulders Beach, home to some 3,000 African Penguins. If you still have an appetite for rugged scenic beauty, a drive over Chapman's Peak will leave you with visions you will never forget. The dramatic Two Oceans Restaurant hanging off the cliffs of Cape Point offers great seafood and stunning views of the coastline.

### STELLENBOSCH & WINE COUNTRY

Stellenbosch is South Africa's second oldest town (after Cape Town) and is the sentimental heart of the Wine Lands. The town is virtually surrounded by fabulous cellars where you can participate in tastings, join a cellar tour or perhaps enjoy a leisurely lunch in the shade of the Stellenbosch oaks. Pretty as it is, though, the proof of the Wine Lands is in the tasting. Once just a collection of independent wineries, the Wine Lands has become more user-friendly in recent years with the formation of wine routes. Many argue that the South African wine region produces the finest wines in the world. In fact, South Africa won 19 best-in-class gold medals at the 2008 International Wine and Spirit Competition, and Kanonkop Wine Estate was awarded "Winemaker of the Year."

### GANSBAAI - GREAT WHITE SHARK VIEWING

Gansbaai at De Kelders has one of the oldest associations with man in the world. Remains have been excavated showing modern man living here more than 70,000 years ago. It is also the site for the best Great White Shark viewing on the continent and numerous documentaries showcasing the creatures have been filmed in the area. Great White Shark diving is the marine equivalent of seeing the Mountain Gorilla in its natural environment. It's exciting, adventurous and a truly unique opportunity to spend some one-on-one time with a magnificent animal.

## AREAS TO BE VISITED

### OUTDSHOORN & CANGO CAVES

Oudtshoorn is a town with the most sunny days per year in the whole country and is situated on the edge of the Garden Route, between the Outeniqua and Swartberg Mountain Passes. It is a uniquely South African place and it is known for its hospitality. Just outside Oudtshoorn is the famous Cango Caves, a series of dripstone caverns that open into vast halls of towering stalagmite formations. A visit to one of the ostrich farms is a must when you visit the area.

### JEFFREY'S BAY

Home of the best right hand point break in the world! International surfers flock to catch the legendary waves in this, a paradise of sunshine, aloes, dolphins, shells, perfect points & classic reefs. Surfers & others who found it hard to leave such an idyllic spot have turned Jeffreys Bay into a year round fun place to be, creating a thriving local craft industry besides the surf shops on just about every corner. Deep sea fishing, beach horseback rides, and sun bathing are other favourite past times.

### KNYSNA & WILDERNESS

Knysna is a town in the heart of South Africa's beautiful Garden Route. It lies nestled in between the Outeniqua Mountains and the Indian Ocean. There's a large lagoon perfect for water sports and surrounding forests that are great for walking. The nearby town of Wilderness is known for its scenic beauty and "The Map of Africa" is one of the world's best paragliding sites. Get up-close-and-personal with nature at Knysna Elephant Park. With the help of our resident African elephants and our well-informed guides- you will learn about the sad and mystical story of the Knysna Elephants.

### THE GARDEN ROUTE

The East Coast of South Africa is known for its stunning beaches, making this seaboard one of the country's most popular vacation areas. The Eastern Cape's Garden Route (named for its unpolished organic beauty) are home to some of South Africa's finest stretches of coastline and natural wonders: the heads at Knysna lagoon; the crashing waves on the rocky coast of Storm's River National Park; the dense bush and strange, colorful creatures of the Tsitsikamma Forest; the surfing paradise and stretches of enormous deserted dunes at Jeffrey's Bay; the ancient wonders of the Cango Caves; the rumbling herds of Elephant at Addo National Park...the list goes on.

### ADDO ELEPHANT NATIONAL PARK

Deep within the shadows of the dense valley bushveld of the Sundays River region of the Eastern Cape lies the Addo Elephant National Park. Here, the evenings are punctuated by the strident howl of the black-backed jackal, and the francolin's call heralds each new dawn. Safe from relentless persecution in the past, the grey leviathans of the bush now roam in peace. Game drives, night drives, and elephant back safaris reveal the true beauty and richness of the park. You can also explore the park in the comfort of your own vehicle.

## AREAS TO BE VISITED

### THE FREE STATE PROVINCE

South Africa's Free State Province is the heart of the country, where expanses of wild land stretch out beneath a sky that seems somehow larger than the one you left at home. Here, you'll find fields of sunflowers, the jutting rocks and shining grasses of Golden Gate Highlands Park and the riverside stone chalets of our own private land, Bospoort. As one of our American guests put it, "This is the only place on earth I can imagine that is still the way that God made it."

### BOSPOORT RESERVE

Perched on the hills of South Africa's heartland, Bospoort's thatched-roof stone chalets offer spectacular views and peaceful seclusion. Homecooked meals and nightly fires soothe the spirit; safari day (and night!) drives offer an unmatched adventure; and scenic horseback rides and hikes reveal pre-historic cave paintings and stunning outlooks over the African countryside.

### KRUGER NATIONAL PARK

Lying in the heart of the Lowveld is a wildlife sanctuary like no other, its atmosphere so unique that it allows those who enter it's vastness to immerse themselves in the unpredictability and endless wilderness that is the true quality of Africa. Game drives are what the Kruger National Park is all about. If you're on a Kruger Park safari then the highlight to any day is venturing out on the back of an off-road vehicle, binoculars clutched in one hand while the other hangs on to the constantly rolling vehicle as it makes its way through the bush in hot pursuit of the latest pride of lions, sighted feeding on a kill just over the rise.

### BLYDE RIVER CANYON - PANORAMA ROUTE

The Panorama Route offers the traveler a number of spectacular scenic viewpoints to experience this wonderland and includes views of the Blyde River Canyon (the 3rd largest canyon in the world) and its Three Rondavels, God's Window, Pinnacle Rock, Bourke's Luck Potholes and a number of beautiful waterfalls such as Mac Mac, Lone Creek and Lisbon Falls. The region also has a historical influence and a visit to the historic gold mining town of Pilgrims Rest is a must. Take a stroll down its quaint little main road viewing the restored historic buildings and miner's huts, visit the museum to view the old mining relics, stop in at the tourist office and join a guided tour to experience the life in the gold mining hey days and try your hand at gold panning.

### SABI SANDS PRIVATE RESERVE

Sabi Sabi promises the finest game viewing on the African sub-continent and regularly provides the subject matter for a large collection of international and local wildlife documentaries (including National Geographic). Many of these documentaries have won international accolades amidst critical acclaim. Several publications are available, showcasing the treasures that make the property one of the most sought-after on any traveler's itinerary. It is a near-impossible task to bring to life a Sabi Sand/MalaMala safari through the written word, but the annual statistics published by the property serve to prove the frequency and consistency of Big 5 sightings experienced by visitors.
